September 14-17
11am-1pm

Our Mission

The IMA Recreation Association's dedication to our nation's heroes dates back to 1945, when we launched our first veteran support initiative to welcome home returning troops from World War II. Following the success of hosting PGA HOPE in 2025, which introduced disabled veterans and active-duty military personnel to the game of golf; we are proud to officially launch the IMA Veterans Program in 2026.

This program is specifically designed to introduce veterans and active-duty service members to golf, fostering mentorship, skill-building, and community.

Why Your Service Matters

Volunteers are the backbone of this initiative. To build authentic camaraderie and connection, each volunteer will be paired directly with a participant as their dedicated "golf buddy" throughout the program. Because shared experiences form the strongest bonds, we are specifically seeking volunteers who are fellow military veterans so you and your buddy can hit the course on common ground.

Target: We are seeking 10 dedicated veteran volunteers.

Pairing: Expect to be paired with 1–2 veteran students depending on participant demand.

Commitment: To ensure our participants see a consistent, familiar, and welcoming face each day at IMA Brookwood, priority will be given to volunteers who can commit to all four days.
